

## EDMI Mini Hub Installation Guide

### Description:

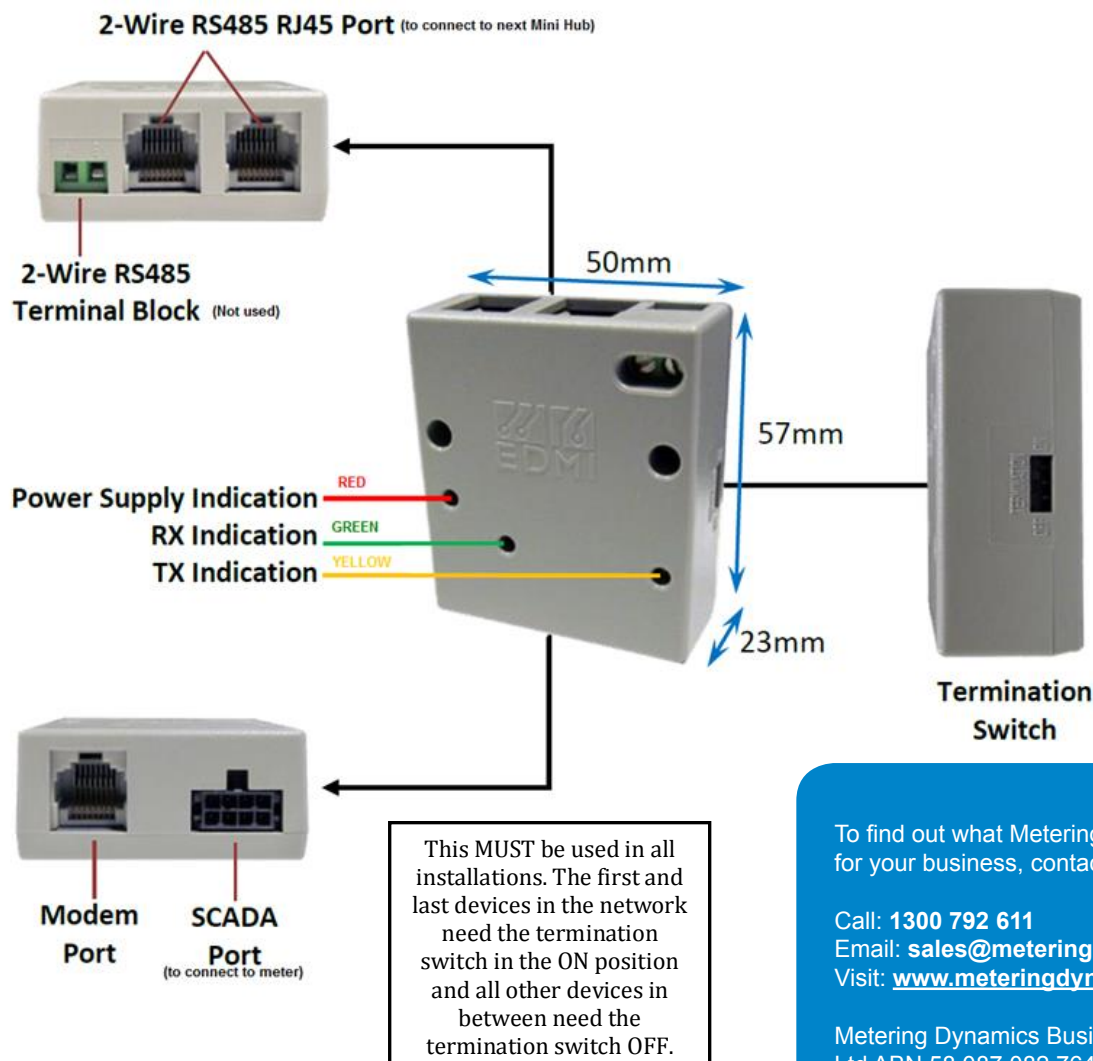

- EDM Mini Hub functions as an RS232<->RS485 signal converter
- Sources power from the meter through the meters SCADA port
- Compatible meters include EDM Atlas Mk 7C WC, Mk 10A (WC, CT), Mk 10E CT
- Used in multi drop communications only (no MODBUS output)
- Non-remote read installations up to 32 meters can be networked.
- For remotely read installations network size is restricted to 15 meters.

### Equipment List:

- EDM Mini Hub
- Supplied Mini Hub cable to connect to meter through SCADA port

### Installation Guidelines:

- Use CAT5 cable with RS485 RJ45 fittings to connect Mini Hub devices
